

## Intuitive control with a premium design

Daikin is pleased to introduce the *Madoka* remote controller for the North American VRV, *SkyAir*, and Single and Multi-zone systems. The *Madoka* features a sleek and stylish design with an intuitive interface including touch button control. It retains advanced functions for indoor unit control. It can be commissioned and managed with ease through a Bluetooth® configuration app or via the onboard menus. The *Madoka* provides 3 configurable display modes: Text (default), Icon, and Scale to help meet project and occupant needs.

### Features

- » Easy commissioning and management with Bluetooth® app
  - Leveled user authority for owner/administrator and installer
  - QR code (stored locally) required to access the installer menu to prevent unauthorized access
  - Settings can be saved and sent to multiple controllers
  - Set up multiple settings at once
- » Sleek and stylish design
- » Simple and intuitive interface with advanced function options (see setting options listed in the table on page 2)
- » Selectable display mode:
  - Text mode, icon mode, and scale mode

**Award-winning design.** Madoka earned an IF design award and Red Dot Product Design Award for its innovative design.

reddot award 2018 winner

**LED light** emits a soft emotive blue glow when in operation (configurable), and blinks red when in error.

**Simple and Intuitive interface** with touch button control.

On/Off Button.

**Text Display    Icon Display    Scale Display**

**The scale display modes** display a +/-3°F adjustment from the center reference. Removes occupant perceived feeling of comfort level based upon current room temperature and setpoint and helps to provide energy savings.

With the *Madoka Quick Set* app, advanced function settings and commissioning can be easily done through a Bluetooth® connection

**Madoka Quick Set App**  
Available for download on iOS\* and Android devices.

\*Future Release

**Leveled authority for service and management**

**Complete view of advanced setting options**

**Save preset configuration file**

**Quick commissioning by sending configuration file to multiple controllers**
