DAIKIN BRAND DP14GM, DP14CM, DP14HM

Don't compromise.

Get commercial packaged products with energy-efficient performance and outstanding product warranties*.

Daikin brand commercial packaged products offer ease of installation, efficient operation and outstanding product warranty* coverage. Whether you need a straight cooling unit, heat pump or a gas/electric unit, you'll find strong features such as 5mm condensing coils, outstanding heat pump features and our most durable tubular heat exchanger.

OUTSTANDING WARRANTY* PROTECTION

*Complete warranty details available from your local distributor or manufacturer's representative or at www.daikincomfort.com.

Comfort for Life

Daikin is a global leader for indoor comfort, with millions of systems installed throughout the world. Today, millions and millions of people trust Daikin to deliver *Comfort for Life* to families and businesses alike.

Dependable compressor

One of the most critical components of a packaged gas/electric unit, air conditioner or heat pump is the compressor. Daikin brand DP14GM Gas/Electric Units,

DP14CM Air Conditioners and DP14HP Heat Pumps boast high-performance, high-efficiency compressors, which operate in tandem with our high-efficiency coil. The coil is made of refrigeration-grade copper tubing and aluminum fins in a design that maximizes surface area. These high-quality components together cool effectively. This exceptional construction offers one of our best levels of reliability, durability, and efficiency you'll find in a compressor.

DP14GM Gas/Electric Units

- 3 - 5 Tons
- Convertible airflow — horizontal or downflow
- Durable, corrosion-resistant aluminized-steel tubular heat exchanger
- Direct spark ignition system
- 20-Year Heat Exchanger and 5-Year Parts Warranty*

*Complete warranty details available from your local distributor or manufacturer's representative or www.daikinac.com.

14 SEER | 81% AFUE

DP14CM Air Conditioners

- 3 - 5 Tons
- Convertible airflow — horizontal or downflow
- Totally enclosed, permanently lubricated condenser fan motor
- Electric heat kit available as a field-installed accessory
- Fully insulated blower compartment with convenient access panels
- 5-Year Parts Warranty*

*Complete warranty details available from your local distributor or manufacturer's representative or www.daikinac.com.

3-Phase Packaged Units

R-410A refrigerant

Compared to packaged units using R-22 refrigerant, your new Daikin brand M-Series Packaged Units will not only provide you with energy-saving performance for many years, but it also features R-410A refrigerant. This refrigerant does not contain chlorine.

Introduced in 1995, R-410A refrigerant has helped increase the durability and reliability of air conditioner compressors.

■ *M-SERIES FEATURES:*

- 1 Energy-efficient compressor with internal relief valve
- 2 Copper tube/aluminum fin condenser coils
- 3 A cabinet made of heavy-gauge galvanized steel
- 4 Louvered condenser coil protection
- 5 Chlorine-free R-410A refrigerant

DP14HM Heat Pumps

- 3 - 5 Tons
- Convertible airflow — horizontal or downflow
- Liquid line filter drier
- Totally enclosed, permanently lubricated condenser fan motor
- Electric heat kit available as a field-installed accessory
- 5-Year Parts Warranty*

*Complete warranty details available from your local distributor or manufacturer's representative or www.daikinac.com.

■ *BENEFITS:*

- Energy-efficient heating and cooling performance
- Heavy-gauge, galvanized steel cabinet with UV-resistant powder-paint finish resists weather and time
- Air Conditioning, Heating, and Refrigeration Institute (AHRI) certified; ETL listed

About Daikin:

Daikin Industries, Ltd. (DIL) is a global Fortune 1000 company which celebrated its 90th anniversary in May 2014. The company is recognized as one of the largest HVAC (Heating, Ventilation, Air Conditioning) manufacturer in the world. DIL is primarily engaged in developing indoor comfort products and refrigeration systems for residential, commercial and industrial applications. Its consistent success is derived, in part, from a focus on innovative, energy-efficient and premium quality indoor climate and comfort management solutions.

DTG Gas/Electric only:

For installation in California's South Coast Air Quality Management District (SCAQMD) only: This furnace does not meet the SCAQMD Rule 1111 14 ng/J NOx emission limit, and thus is subject to a mitigation fee of up to \$450. This furnace is not eligible for the SCAQMD Clean Air Furnace Rebate Program: www.CleanAirFurnaceRebate.com.
